4. Trim the bottles' sprayer stems with scissors to fit inside the bottles.
5. Carefully fill each bottle with oil blend.

Usage & Packaging:

- This simple body oil can be packaged in a traditional capped bottle, but using a sprayer bottle makes quick application even easier. Try our 2 oz. Aluminum Sprayer Bottles for this formula or check out our 2 oz. Flint or Cobalt Glass Bottles.
- To use, simply spritz the oil onto your skin and massage gently. The oil will help moisturize the skin while leaving a subtle floral aroma of tiare and jasmine.
