

Rainbow Jelly Bean Lip Scrub

a multi-colored exfoliating lip treat

Ingredients

- 4 ounces Avocado Oil
- 4 ounces Shea Butter
- 16 ounces (about 2 cups) Organic Sugar
- 2 teaspoons (10 ml) Apricot Plant-Based Fragrance Oil
- 1/8 teaspoon FDA Blue Mica
- 1/8 teaspoon FDA Coral Mica
- 1/8 teaspoon FDA Green Mica
- 1/8 teaspoon FDA Yellow Mica

Makes 23 15-ml (1/2 ounce) Jars

Directions:

1. Combine the Avocado Oil and Shea Butter and heat until melted. You may use a double boiler or a heat-proof bowl in the microwave. If using microwave, heat on short 30-second bursts, stirring between bursts. Do not overheat.
2. Allow mixture to cool for a few moments, then add Apricot Plant-Based Fragrance Oil.
3. Divide the sugar into four bowls, placing 4 ounces (about 1/2 cup) in each bowl. Add 2 ounces of the melted Shea and Avocado Oil to each bowl and stir well.
4. Add one color of Mica to each bowl and stir until well blended.
5. Allow the scrub to cool for about 10 minutes, stirring occasionally to reduce separation. Scoop cooled scrub into jars and allow to cool and harden for several hours.

Usage & Packaging:

- We pictured the scrub here in our Double Threaded 35ml jars. These look great, but that is a whole lot of lip scrub for one jar! Try packaging this lip scrub in 15 ml (1/2 ounce) jars to offer a better portion size and a larger quantity of scrubs. Our 15 ml Clear Sifter Jars, our 1/2 Ounce PET Jars, or our 1/2 Ounce Clear Dome Jars would all be great choices.
- To use, scoop out a dime-sized amount of scrub on your finger and rub gently over your lips. Remove scrub with tissue.
