Directions:

1. Combine mud and hydrosol in a small container and blend well.
2. Sift in bladderwrack powder and stir again.
3. Mix in essential oils and transfer to jars.

Usage & Packaging:

- To use, apply about one tablespoon (25 grams) to clean, damp skin. Allow mask to set for up to 15 minutes before rinsing. Follow with toner and moisturizer.
- We used 2-ounce Flat PET Jars to package our mask. It would also look great in Flint Glass.
- Mask should be used right away or refrigerated for up to two weeks. Preservative may be added to extend shelf life.
